BRAND IDENTITY PRESENTATION

The Concept

A mark built for **motion**.

The Bootsfinity symbol pairs a bold, flowing outline with a single focal point and audio-style bars beneath it: a nod to sound, motion and the stories the studio captures.

Set beside a clean, geometric wordmark in two tones, the result feels modern, creative and confident.

Logo Variations

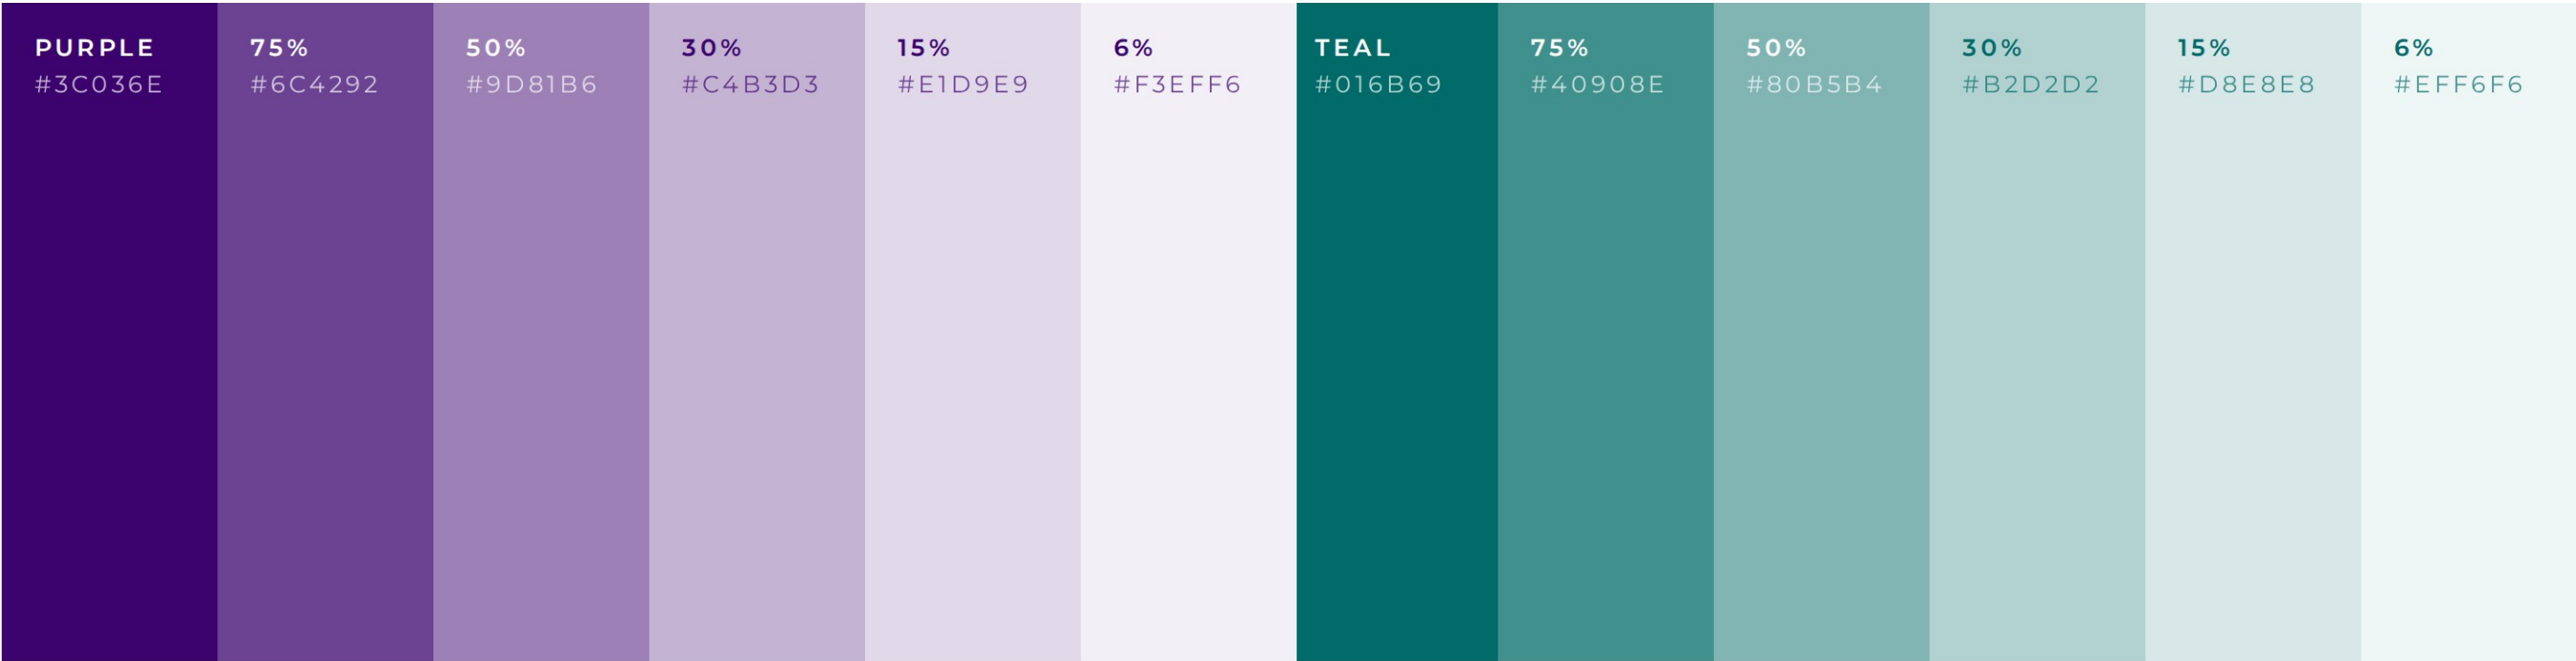

Symbol **Variations**

The standalone symbol is used for avatars, favicons, stickers, watermarks and anywhere space is tight.

Colour Palette

Deep Purple carries creativity and depth. Use as the primary brand colour.

CHARCOAL
#161616

Studio Teal adds a fresh, modern accent. Pair it with purple, never against it.
